

# Good things come in rPackaging.

## Enviro Cup®

The first ever rPET beverage cup line  
made from up to 100% post-consumer  
recycled, curbside-collected PET material.

With six convenient sizes and a one-size-fits-all lid, rPlanet Earth® makes it easy to find a solution for all your beverage needs. Thanks to our efficient, low-carbon footprint production process and ability to use up to 100% post-consumer recycled content, you can achieve your sustainability goals and create a positive impression with your customers — without compromising on quality or cost.

- Made from up to 100% post-consumer recycled content sourced from curbside collection programs
- Six convenient sizes available: 9oz, 12oz, 16oz, 20oz, 24oz & 32oz
- One-size-fits-all lid options (9oz-24oz)
- Produced using low carbon footprint methods
- 100% recyclable; How2Recycle pre-approved
- FDA-compliant food-grade
- Made from #1 PET – the world's most recycled plastic
- High-speed custom print capabilities

# Premium rPET that makes a difference.

We revolutionized how rPET packaging is made to create products that function better, look better, and are better for the planet. Our first-of-its-kind vertically integrated facility and process significantly reduces overall carbon footprint compared to virgin PET and other rPET recycling processes.

## Why choose EnviroCup®?

- Made from up to 100% post-consumer recycled PET material
- Diverts plastic waste from landfills
- EnviroCup® is readily recyclable, unlike containers made from materials like polystyrene and polypropylene
- Premium, high-quality product with excellent clarity and durability
