

Good things come in rPackaging.

EnviroTF™
Hinged | Square | Rectangular

Our premium hinged containers bring ultimate versatility and flexibility to your product display, using a minimum of 50% recycled content.

Available in rectangular or square shapes and several convenient sizes, they are an easy to use solution for all your grocery, food service, or processor needs. With superb clarity at high levels of recycled content, the Enviro TF™ hinged containers can help you achieve your sustainability goals and create a positive impression with your customers — without compromising on quality or cost.

- Made from a minimum of 50% recycled content
- Best-in-class clarity and performance at high levels of recycled material
- Rectangular or square in several convenient sizes
- Superior perimeter seal around the hinged lid
- 100% recyclable; How2Recycle pre-approved
- Made from #1 PET – the world's most recycled plastic

Premium rPET that makes a difference.
